Online Giving

Give and you shall receive…

Move your church into the digital age with Online Giving, a Web-based offertory solution from CMS and AmericanChurch, Inc. This easy-to-use, customizable system lets your church accept and track electronic donations through a simple, secure and convenient Web page.

Members who use the Internet to pay their monthly household bills want the same option to contribute to their church. Online Giving is the perfect solution. Easy to use, Online Giving is a completely customizable tool that complements regular envelopes, special mailings and other offertory programs already in place. Online Giving provides families with flexible, paperless ways to contribute to regular collections and other financial campaigns—without calling the church office.

Increase income, stabilize finances

- Scheduled, recurring transactions are automated deposits you can count on, resulting in predictable income and more accurate budgeting for your church.

- Multiple fund availability lets families give toward pledges, special collections, offertory, even capital campaigns, all from one place.

- Electronic deposits are available right away, improving cashflow.

- Immediate payback with no special hardware or software and no complicated setup.

Reduce staff workload

- Automatic deposits require no paper forms or checks, saving time for church staff and families alike.

- Self-service system puts members in charge of their personal online contributions—it even sends them automated email confirmations and expiring credit card notifications.

- End-of-year contribution reports and giving histories are always available online, saving members the trouble of calling the church office for financial information.

- Simple interface lets church staff make any funds available for Online Giving.

Connect people and the church

- Multiple payment methods let members give as they choose, using one or more checking, savings, Visa, MasterCard or American Express accounts.

- Flexible weekly, monthly, biannual, quarterly, annual, or one-time gift options are available—you choose which options to offer your members.

- Custom online giving website, linked to your church website, can be tailored to include special announcements, staff contact information or a note of appreciation worded exactly as you like.

- Online contributions mean better-funded ministries and easier fulfillment of stewardship commitments.

- Convenient anytime, anywhere website lets members update amounts or account information in real time whenever they wish.

Online Giving

Choices in giving, bounty in receiving

When members can give the way they want, they give more. They give regularly. And with the ability to manage their contributions online, their personal giving connects them to a whole new level of interaction with their Church. Through Online Giving, members take an active role in partnership with their church finance and administration.

Security, safety and Confidentiality

In addition to more dependable contributions, Online Giving adds a level of security not available from traditional paper giving methods, so there's no need to worry about lost checks, misplaced funds, bank deposits or having sensitive account information fall into the wrong hands. Online Giving meets the highest security standards set forth by the Payment Card Industry (PCI) to ensure safe and confidential transactions. Our secure data storage practices mean you don't have to take on the risk of storing sensitive bank account data.

System requirements

The Online Giving application is available 24/7 and requires no special hardware or software. All you need is an Internet connection and Web browser, including Internet Explorer 6.0+, Firefox 2.0, or Safari 3.0.

> *"Families like the convenience of Online Giving, and church staff like knowing how much money is coming in each month. Money moves securely from one account to another, giving us basket-to-bank transparency."*

Complete Church Solution

Online Giving offers anytime, anywhere access to powerful Web applications that connect people and the church. CMS provides a complete suite of products that help churches manage organizations, people, finances, and reporting from a single database.
